## Uninsured Discount and Financial Assistance Program

If you are worried that you may not be able to pay your hospital bill, we offer discounted care based on your qualification and/or interest-free payment plans depending on your financial circumstances and the care you received. We can also help you find out if you are eligible for affordable health insurance coverage if you are uninsured.

Please talk to us about applying for:

- + Government or private health insurance programs
- + Financial Assistance Program
- + Interest-free payment plans

If you are uninsured and you do not qualify for a government program, you will receive a discount on your hospital bill for eligible hospital services.

You may also qualify for discounted medical care under our Financial Assistance Policy.
